

Earial - Soundproof Room

(Music, arrangement, lyrics: Steven van der Steen © 2011)

This soundproof room just looks me in the eye.
Well, I mean another night is passing by.
And I have been very quiet all the time.

I don't know what it is I'm waiting for.
Well, you see, it's not the weather, not the war.
There doesn't seem to be a light on anymore.

Transparent gloom is showing in the sky.
I can see through the window as I lie.

And all the shadows, they design my room.
Objects that will never move.
My eyes are getting used to dark.
A body with a glowing heart.
I cannot sleep, too many pictures in my head and on the wall.
What is this that lets me dream? And why this makes me feel so small?

Will you wake me up when you are by my side?
I miss you and I need you close tonight.
